HOW DIPLOMACY BROUGHT BACK PROSPERITY TO ONE INDUSTRY

THEY KEEP THETR JOBS Autoists inay thank Provide that the European war is not to cause a rubber factine with come-

But it would be more to the point or them to thank B. G. Work, plain effines of Akron, who went to Engend early in January, holmobbed
with the nobility in the British Foreigr and Admiralty offices, and in a
ew hours did what American State
Department diplomaty had been trying to do for weeks—haved the way
or the release of crude rubber shipeight to American points.

Modestly, Mr. Work displains the
full credit for his feat. He protests
had the work of our State Departeight had at last here recessful and
and on the day of his arrival in
antien it had been decided to raise
he embarge, although the details
ever to be perfected later.

The situation for Akron and the
utber business in late December en of Akron, who went to Eng-

has the best in- American civilization as has England I of self-control in You are now, however, heither Gert of view which man nor English but good Americans are European na. And, as I think, neutral Americans

megotiation. asserentity could do nothing. Then the Rubber Chab of America, which includes the leading rubber manufacturery and important, decided to act on its own initiative. It looked about and selected Mr. Work to appeal in person to the lords of the British government.

How this Akron citizen took his fluid business methods has the fluid potential government offices of England, matched his ability with the highest skilled diplomacy on easts, and worked out a complete solution of the wexing problem, is too long to tall here. The upshet of it is thus any American manufacturer may now import British consul-general at New York has appointed a special agent to aid small importers to get rubber.

At one stroke half the world's grade rubber supply was cut of since the production of rubber if plantations in Britain's Far East had welly increased in the past six years, and American which consumes most of the crude subber of the world and Akron, American's chief rubber-consuming city, were the sufference.

Washington was appealed to, but the State Bejartment, in weeks of the Akron people regard B. G. Work as the city chief benefactor.

Caught between two cars. Eben Napoleca, a Hawaiian, was instantly killed while employed as switchman on the Hilo raffway near Olas station.

### LETTERS

PAVING STATISTICS.

Mar. 1, 1915. Editor Honolulu Star-Bulletin,

Sir:-Under the heading of "A Clumsy Knocker," the morning paper tries ineffectually to refute my communication to the board of supervisors, regarding the merits of the various pavements favored by largest cit-les. I therefore, ask that you give ies. I therefore, ask that you give the public my letter to the board and referred to by the Padific Commercial Advertiser, which will prove conclusjvely the bias of the morning paper, and the absolute untuchfulness of its statements. I leave the decision with the disinterested.

The cities cited by me being the foremost in the United States, to wit: San Francisco, Oakland, Richmond, Calif., and summarized for the State of California, Chicago, Ili., and summarized for the State of Illinois, New York City and State of New York, District of Columbia and Philadelphia, Boston and State of Massachusetts. Boston and State of Massachusetts, the home of the bitulithic pavement.

Yours very truly JOHN H. WILSON.
